

Tempo of a Restless Soul

Original title: Tempo of a Restless Soul

Public figure Tom Barman hardly needs introduction: he is the frontman of rock band dEUS, musical factotum and the man behind the 0110 happening against the ultra-right. However the extrovert artist - who enchants, seduces and inspires - hardly ever bares his soul. Klaas Janszoon, Barman's longtime companion at dEUS, says: "After all these years I still believe that I get to know Tom more from his lyrics than from what he says to me." Tempo of a Restless Soul aims to reveal the heart of the man.
