

# The 7 Brothers

Original title: the 7 Brothers

Once upon a time there were seven brothers who wander the streets of their village looking for inspiration for fairy tales. The ideas they come up with, however, don't seem much like the traditional fairy tales we are used to. At home, the brothers write their stories down, unaware of their shortcomings. But then they hear their last tale being acted out next door, quite differently from the way they had written it... The brother's wanderings are shown in live action; the fairy tales are animated.

## CREDITS

**DIRECTOR:** Kaj Driessen, Paul Driessen

**PRODUCER:** Willem Thijssen

**WRITER:** Paul Driessen
