

The Box Collector

Original title: The Box Collector

The Box Collector tells of brooding young artist Harry Green whose passion is to collect cardboard boxes as inspiration for his paintings. He suffers from recurring nightmares and can't remember his father who died when he was a child. When the flirtatious Marie moves in next door, her gorgeous face and stunning body cause every man to look twice - including Harry. But his possessive and over-protective mother Beth dominates him and cannot bear the influence Marie has on Harry: she will do whatever it takes to stop her.
