

# The Collection That Doesn't Exist

Original title: La collection qui n'existait pas

**In June 2011, Herman Daled decided to sell off his collection of conceptual art to the MoMA in New York. A man looks back at his past, and that of an aesthetic and philosophical movement that marked the second half of the 20th century. Exploring this movement, our film has chosen to hold up a mirror between a man and a philosophy.**
