

# The Conscript

Original title: De loteling

**1833 - Jan finds himself in the army after he agrees to take over another man's three-year service for a large sum of money. He quickly discovers that this money can't make up for the brutal and revolting situations he now has to face. In the meantime, his fiancée Katrien tries to keep their little farm going by working 10 to 14 hours each day. In the barracks, Jan's money is stolen and he is struck by blindness because of malnutrition and unhygienic circumstances. Katrien goes by coach to the barracks to bring Jan back home. Their way back becomes a long journey on foot during which Katrien is raped.**
