

The Intruder

Original title: De indringer

Tom Vansant, a 40-year-old Brussels doctor, is desperately searching for traces of his daughter Louise who disappeared 18 months before. In his search, he comes across another 16-year-old runaway who left her hometown at about the same time as Louise disappeared. Although the girl refuses to talk about her past, Tom is convinced that she knows more about his daughter. He follows the girl to the Ardennes into an unknown and dangerous environment where things are not what they seem and where hostile villagers don't really care for strangers.
