Original title: Het leven en de vreemde verrassende avonturen van Robinson Crusoe die acht en twintig jaar helemaal alleen op een bewoond eiland leefde en zei dat het van hem was

The Englishman Robinson Crusoe (Oriana Ikomo) shipwrecks on an inhabited island. With his insatiable explorative spirit, he harvests the trees, mines the mountains, and tames the natives, a nation of goats. However, his newly built civilization is lonely. Until one day, when Robinson rescues a cannibal (Bernice Leming) from certain death and baptizes him 'Friday.' Eternally grateful, Friday assists Robinson in building his empire and affection develops between them. Years go by until their peace is disturbed.
