

# The Magnificent Life of Marcel Pagnol

Original title: Marcel et Monsieur Pagnol

In 1955, 60-year-old Marcel Pagnol is an acclaimed playwright and filmmaker. When the editor-in-chief of *Elle Magazine* commissions him to write a weekly column about his childhood, he sees this as a great opportunity to go back to his artistic roots. Realising his memory is failing him, and deeply affected by the disappointing results of his last two plays, Pagnol starts to doubt his ability to pursue this work. Then Little Marcel – the young boy he used to be – appears to him, as if by magic. Together, they explore Marcel Pagnol's incredible history, and bring back to life his most cherished encounters and memories.
