

The Night Dad Brought Us Home

Original title: Last Summer With Mom

This is a story from the director's childhood - and his quest for his mum's love. Instead of choosing him and his little brother, she chose alcohol. The story takes place during the last summer with mum - the summer where everyone was confronted with the hard reality and nothing would ever be the same. The story is told through his 10-year-old eyes, utilising a combination of 8mm family archive, animation, old stills and footage to achieve an emotional coming of age journey as a grown up, Steffan's mother is dead and here the director confronts the bitterness and inner turmoil that still haunts him.
