

The One Close to the Sea

Original title: The One Close to the Sea

The One Close to the Sea shows the immersion of a filmmaker in a Scottish landscape. Not a narrative representation of what happens on the surface of this landscape, but the search for a simple rhythm, that lies underneath this landscape and makes up its essence. This is not a search for any landscape, but for that mode of being, that is essential to "all" landscape. A search for what transforms mere place, into landscape. The rhythm of the land; light, movement, sound.
