

The Other Side of the Sun

Original title: L'autre côté du soleil

Several years after my release from Syrian prisons 248 and Saydnaya, I decided to revisit my memories of my imprisonment. I invited four other survivors who had been held captive in the same prisons as me to tell their stories. Together, we reconstructed the facts. Tortured and robbed of our humanity while we were imprisoned, the film recordings become a collective, polyphonic testimony that constantly questions the representation of violence. How do you describe what happens on the other side of the sun?
