

# The Pink Revolution

Original title: The Pink Revolution

**Hocine was born a boy and raised in a conservative family in Algeria. Today her name is Yasmine. Adil and Albéric were born in countries where homosexuality is punishable by prison, persecution, and death. They fled to Belgium and France, seeking asylum. Thomas' Spanish father dreamt of seeing his son married in a church. Ariane, a young feminist queer, refuses to submit to men's diktats. They all share the same ambition: to no longer be invisible. Together, they try to overcome their fears and conquer situations in which they usually feel unwelcome.**
