

# The Remembered Film

Original title: The Remembered Film

Young soldiers from previous wars roam the woods aimlessly. They wear the uniforms of the Soviet troops, the Wehrmacht or the American military forces during the Vietnam War, and seem to co-exist in the same peaceful forest. In interviews, they share war memories they can't possibly have experienced themselves, but which have taken root in their memory. A film connecting imagination and storytelling to the reality of war.
