

The Twelve

Original title: De twaalf

Twelve ordinary people are called for jury duty for a case as traumatising as it is controversial: the respected headmistress Fri Palmers stands accused of two murders, one of whom is her own child. Gradually, as the trial gains momentum, it is not only Fri's fate that hangs in balance but also the lives of the jury members who are shaken to the core. Each person reacts based on his or her own personal scars and life experience...
