

The White Queen

Original title: The White Queen

The year is 1464 and England has been at war for nine years; a war between two sides of the same family, The House of York and The House of Lancaster, over who is the rightful King of England. We enter our story shortly after the young Edward IV of the House of York has come to the throne and deposed the unfit-to-rule Lancastrian Henry VI. The series dramatises the events of the ensuing 19 years - plots, betrayals, executions and battles - as the bloody power struggle for the throne of England shatters the lives of all it touches.
