

Title Safe II

Original title: Title Safe II

The second part of a project Walter Verdin started in 2002. For each part, he commissions various video artists to make a short video. There is no set topic. Each artist works autonomously, following a few simple rhythmical and technical editing rules only, in a constant beat of 125 bpm (12 video frames per beat). The video artists are Anouk De Clercq, Willy Depoortere, Franciska Lambrechts, Nico Leunen, Peter Missotten, Erik Nerinckx, Koen Theys, Wim Vandekeybus, Karen Vanderborght and Els Van Riel. The objective is to have more video artists contribute in the future.
