

Transnistria

Original title: Transnistria

Set in the self-appointed nation Transnistria (Pridnestrovia), a narrow strip of land adjacent to the Ukraine where, against an unforgiving landscape of Soviet heritage, a group of 16-year-olds search for safety, freedom and meaning. A naturalistic and humane documentary feature, *Transnistria* charts a narrative from a sweltering, carefree summer through an unforgiving winter, as each of the film's disparate teenagers learn to understand each other's hopes and needs.
