

Underneath It Flickers

Original title: Underneath It Flickers

The jay, the train, the moss, the soil trembling. How to listen to a space considered empty? *underneath it flickers* takes different perspectives on la friche Josaphat, a verdant fallow land in Brussels threatened by real estate development. By questioning our ways of looking and listening, the film seeks to connect with the land as a single body inhabited by many creatures.

CREDITS

DIRECTOR: Lau Persijn

EDITING: Lau Persijn

PHOTOGRAPHY: Anaïs Kabore, Noah Berhitu
