

## Vanessa Is Still Dancing

Original title: Vanessa danse encore

**Vanessa is a 60-year-old Belgian actress and one of Belgium's first transsexuals. The autobiographical monologue she performs is a great success in her country so she embarks on an international tour, accompanied by her coach and her pregnant technician. Three women on the road... From villages to big cities, from high hopes to despair, in the expectation of the big final performance in Paris. While the tour becomes increasingly intense, Vanessa reveals parts of her personal story: her life as a transsexual woman.**
