

What Men Want

Original title: Wat mannen willen

This story follows five very different men and their struggles with women, family and work. Wouter is a loveably chaotic fellow, whose professional dreams have just fallen apart. When his casual girlfriend Nicki informs him she's pregnant, Wouter is truly in over his head. His brother Tim, though, has done everything right - always: university, marriage, family. But is he happy? This question doesn't even occur to heartthrob Vincent... His life is one sensual rush. Then there's Bruno, who's desperately seeking someone to belong to; and abandoned train driver Roland, fighting with all his might to get his family back. Who will come out ahead?
