

# Wild Women

Original title: Wild Women

At the beginning of winter, a filmmaker begins a six-month retreat in a hermit's hut in the middle of a forest, cut off from the world and its means of communication. Thanks to the words of four women she has filmed previously, and who have all dedicated their lives to various forms of spirituality, she embarks on a mysterious inner adventure, to the frontiers of solitude and nature. A journey that invites us to connect ourselves to the world in another way.
