

Winnetoons, the legend of the treasure of Silver Lake

Original title: Winnetoons, die Legende vom Schatz im Silbersee

Arizona 1869. Winnetou and Shatterhand try to stop the criminal practices of the gang of Kolonel Brinkley. They're also quite worried about Nscho-Tshi, Winnetou's little sister, a rebel girl who likes much more to hunt bizons than to cook for the warriors. At the same time the New York orphan Bobby and his best friend, the rat Winchester, arrive in the Wild West. With the map he got from his dying father, Bobby is hunting for a fabulous treasure. Of course, Kolonel Brinkley also smells an opportunity and he kidnappes Bobby and Nscho-Tshi! Will Winnetou and Shatterhand arrive in time to save the children and who will find the treasure ? A family action movie, not just for lovers of the western genre, but also for plucky girls ! Based on the famous stories of Karl May.
