

Wonderful Losers: A Different World

Original title: Nuostabiejil?zeriai

For spectators, cyclists at the back of the race are simply the losers. They are called water carriers, domestics, 'gregarios' and the 'Sancho Panzas' of professional cycling. Moreover, they have no right to personal victories - these sportsmen sacrifice their careers to help their teammates. We follow the magnificent world of the race from the point of view of the doctors' team situated in a claustrophobically small car surrounded by wounded cyclists. The life of the medical team in the race reminds one of the frontline of war: cyclists crash, rise and race again. And amongst this fight, many magnificent things happen. This film odyssey reveals the untold world of the wonderful losers, the true warriors, knights and monks of professional cycling.
