

(Y)our Mother

Original title: Les Miennes

As the youngest of five sisters, I am aware that I carry a painful legacy from their past. In response to a tragic incident that was kept quiet, my sisters formed a clan with a tight-knit bond, from which our mother was excluded. Thus, when we talked about her we said "your mother", as if she was no longer ours. For the very first time, we hear what she has to say.
